

MATERIALS

What is your favorite art making material? Have you ever made something out of recycled or reused materials?

South Coast Artists use many different materials in their work, such as:

PAINT

CAROL WAY WOOD

SHELLS

BARBARA CHADWICK

METAL

SUSAN BARKER

CERAMICS

WAYNE FUERST

PHOTOGRAPHY

JONEY SWIFT

Choose one work of art made from materials that you think are unusual or interesting. What can you say about how the object was made? **What clues did you use? What other kinds of materials do you see today?**

At-home Activity

Collect things you ordinarily throw away at home that could be turned into a recycled-materials art project. Then, make a work of art focusing on a theme you explored in the museum today: animals, people, places, and materials. Be sure to sign your work when you are done!

OPEN STUDIO TOUR FAMILY GUIDE

Did you know that Art can tell us a story about a person, an amazing animal or a great place to visit? Art reveals the personal creativity of the artist.

That's what this Family Guide is all about. It's your opportunity to be creative. So, take time to explore the world around you. Capture what you see and feel when you look at a landscape.

Maybe it's a person you admire that you want to draw. It could even be cows in a field or your favorite pet.

It's time to imagine your own story.

GEORGINA MELONE

HAVE FUN!

KAREN RAUS

What is your favorite animal?

What animals do you see in your neighborhood? What about those inside your home or in a barn? Notice the difference in their faces, the way they stand, what they eat and where they live. All of these things can be captured in your artwork.

What animal do you find in your neighborhood? Draw a picture here.

MARTHA MULLEN TARADASH

ANIMALS

PEOPLE

Find a person in a work of art.

What is the shape of the person? Observe how they are standing and what their face looks like. Are they happy or sad? What are they wearing? All of these elements are important when putting people into your artwork.

Can you draw a portrait of yourself?
Try capturing what your face looks like.

MEREDITH WILDES CORNELL

PETER MORSE

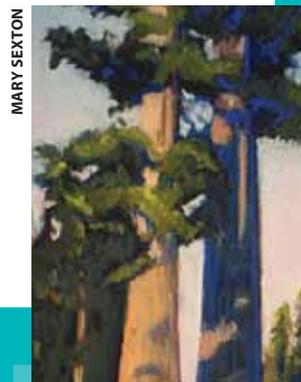

DEBRA VALERI

What are some of your favorite places to visit?

Do you know why you like visiting one place more than another? Is it beautiful? Does it make you happier when you visit your special place? Notice the sky and water, the rocks, trees, plants and flowers. See how they are all connected to the earth. Look for places in other artworks and see how they are connected and imagine yourself there. Draw what you feel.

Consider drawing a place that you like to visit.
Include what makes it special.

MARY SEXTON
